

Software/Inc/SectionSwitch.h

```
graph TD; A[Software/Inc/SectionSwitch.h] --> B[main.h]; A --> C[gpio.h];
```

The diagram illustrates a header file dependency. A central box labeled 'Software/Inc/SectionSwitch.h' has two arrows pointing downwards to two separate boxes labeled 'main.h' and 'gpio.h'. This indicates that the 'SectionSwitch.h' header file includes or depends on both 'main.h' and 'gpio.h'.

main.h

gpio.h
